RhinoIT
Business Intelligence Solutions

RHINO DATA INSIGHTS
UP AND RUNNING IN 5 STEPS

1

DISCOVER
Establish scope of the Business Intelligence strategy and project.

2

IDENTIFY
Connect with key contacts to ensure BI implementation will be a success.

3

STRUCTURE
Agree on the BI environment - cloud or on premise. Produce workflow of requirements.

4

SYSTEMS
Understand current information processes, and which data sources need to work collaboratively.

5

IMPLEMENT
Monitor effectiveness and plan further enhancements where necessary.
